

TAM PHAM

PROFESSIONAL SUMMARY

I am a creative, adaptable, reliable, well organised, and self-motivated individual. Motivated by developer friends who's work seemed interesting and challenging, this year I completed a coding traineeship to become a full stack web developer, and I'm looking forward to starting my career in Tech.

SKILLS

- Proficient in design (Photoshop, Illustrator, InDesign) and Front-end coding: HTML5, CSS3, JavaScript, Node.js, Bootstrap, and Cypress testing.
- Good knowledge of PHP, MySQL, PostgreSQL, GIT, API.
- Have done short courses in C#, Java, Python, and React.
- Portfolio: <http://www.tampham.co.uk/>

PORTFOLIO PROJECTS

1: "Gazetteer"

A mobile-friendly website that shows locations and information on a map, helping users to quickly navigate and get interesting information about places. This application is built using PHP API to communicate with multiple online data sources. Technology-stack includes: HTML, CSS, Bootstrap, JavaScript, jQuery, and PHP.
<https://gazetteer.herokuapp.com/>

2: "Company Directory"

A mobile-friendly website that allows for the maintenance of a company personnel database to search, maintain, and update employee information. Technology stack includes HTML, CSS, Bootstrap, JavaScript, Node.js, PostgreSQL, and Cypress - automated UI testing.
